

Hartwell Canyon Field Trip

Jerry Walters and Jon Petrescu will lead a fieldtrip into Hartwell Canyon on **Saturday, January 15**. The hike is 4.5 miles round trip to visit several interesting and different sites in the canyon off FR 525.

We will meet at the West Sedona library at 8am. Some carpooling may be available. High clearance vehicles recommended.

Bring a lunch, snacks, and at least 2 liters of water. This a "moderate" hike as there are a few short steepish slopes to go up/down. Otherwise, it is fairly level. Hiking poles recommended. Depending on temperature, wear layers.

This is a members-only fieldtrip. Other AAS chapter members invited. Limit to 12 participants. Email Linda Krumrie at aplaceinthesun@commspeed.net to sign up for this fieldtrip.
