

AAS Achievements in Research

Results are seen in two major ways:

- The results of research done by trained members under the supervision of a Professional Archaeologist
-

The number of members trained in each specialty **Research Results** updated 01/13/2008

We are still collecting information to fill this table. If you have details of other projects, please [e-mail them to the webmaster](#).

Where "State" appears in the "Chapter Involved" column, this means multiple Chapters contributed.

Key to Site Number Suffixes appearing in the "Site #" column:
